### Pre-Wedding Adventures

Tired of the typical risqué bachelor or bachelorette party? Adventure Bachelor Party (ABP) offers a perfect alternative. Gather your closest friends and celebrate your final days of independence with a rush. Make lifetime memories with activities such as rafting, skydiving, fishing and wrangling. Get your adrenaline pumping then relax with friends as you raise your glasses in one of many bars or restaurants. ABP takes all the stress out of planning a party. For locations and more information, visit [www.adventurebachelorparty.com](http://www.adventurebachelorparty.com).

### Design a Fragrance For You

Create your own scent as gifts for your attendants or as favors for your guests. Fragrance For You can create individual and unisex scents labeled with the happy couple's name and wedding date. Each spray bottle is packaged in a Thai silk bag; choose from a variety of colors to complement your event's motif. Design a fragrance for yourself as "something new." Personalized fragrances can set the mood for your special day and the days that follow. For more information visit [www.fragranceforyou.com](http://www.fragranceforyou.com).

### Light Love Candles

International designer Kenneth Turner has added a new scented candle to his line especially for weddings. The Wedding Candle contains the scent White Flowers--a unique blend of freesia, jasmine, lilac, marigold, coconut and cassis. This light scent conjures the feel of a white wedding bouquet. The frosted glass container creates a romantic aura. Each candle is beautifully boxed to make a perfect gift for bridesmaids or the happy couple. For more information visit [www.kennethturner.com](http://www.kennethturner.com).

### See your face on a stamp

Wedding planning requires couples to make decisions about even the smallest details. After selecting the perfect invitation to represent your style and announce your love, make the invitation stand out more with a personalized postage stamp. Stamps.com offers personalized photo stamps. Have stamps made with your engagement photo for the invites or a wedding photo to send thank you notes. Put your smile on a stamp and announce your happiness on all your correspondence. For more information visit [www.photostamps.com](http://www.photostamps.com).

### Take Control of Your Tan

If you want to be tan for your special day but are concerned about the sun and tanning beds, consider Tan Towels. The tan should last four to seven days and will fade like a normal tan. Tan towels provide the user more control with application and helps avoid streaking. Avoid the mess of spray and creams by using the individually packaged towels for your special day. For more information visit [www.tantowel.com](http://www.tantowel.com).
